Academic positions:

Member of the Department of Mathematical Sciences

Member of the Section of Applied Mathematics and Informatics

Member of the Siberian Branch of the Russian Academy of Sciences

Member of the RAS Commission for the Analysis of the Status of the Title of "Professor of the Russian Academy of Sciences" and the Regulations on the Title of "Professor of the Russian Academy of Sciences", Department of Mathematical Sciences

Subject Categories: Mathematical modeling of the dynamics of compressible multiphase media, calculation of processes in plasma confinement installations.
